clothing and wash before reuse. Rinse skin immediately with plenty of
water for 15-20 minutes. If skin irritation occurs, seek medical advice/
attention. Call a poison control center or doctor for treatment advice.

IF INHALED: Remove person to fresh air and keep comfortable for
breathing. Call a poison control center or doctor if you feel unwell. If
person is not breathing, call 911 and give artificial respiration.

GENERAL INFORMATION

AdjuTec® COC-HL II is a superior blend of highly refined soybean
oil and nonionic surfactants designed for use with a broad range
of pesticides. The addition of this product to the spray tank utilizes
the penetrating, non-evaporating properties of soybean oil and the
wetting and dispersing characteristics of a surfactant blend. When
used as directed COC-HL II increases the activity of herbicides
by aiding in the deposition, absorption and retention of active
ingredients on leaf and stem surfaces. Use caution when treating
crops during periods when plants are subjected to drought stress,
high temperatures and high humidity.

NOT FOR AQUATIC USE IN WASHINGTON STATE

DIRECTIONS FOR USE

Follow the instructions on the most restrictive active ingredient
label. Tank mixtures should only be applied within the label
recommendations of every product in the tank mixture.

USE RATES: 1-2 quarts per 100 gallons of water

Ground, Aerial, Low volume, CDA:

Recommended Rate of Crop Oil Concentrate	COC-HL II Use Rate
1% v/v (1 gal per 100 gal of water)	0.5% v/v (2 qt per 100 gal of water)
0.5% v/v (2 qt per 100 gal of water)	0.25% v/v (1 qt per 100 gal of water)
2 pt per acre	1 pt per acre

STORAGE AND DISPOSAL

Storage: Store in a cool well-ventilated place. Keep in original
container tightly closed. Do not reuse empty container. Do not
store with food, feed, or other material to be used or consumed by
humans or animals. Do not contaminate water supplies. For optimal
storage, store between 40° and 90° F.

Disposal: Do not contaminate water, food or feed by disposal.
Dispose of contents in container to an approved waste disposal
facility in accordance with all local, regional, national and international
regulations. Triple rinse (or equivalent) adding rinse water to
application tank. Offer container for recycling or dispose of in a
sanitary landfill or by other procedures approved by local regulations.
The Agricultural Container Recycling Council (ACRC) operates the
national recycling program. To contact your state and local ACRC
recycler visit the ACRC web page at www.acrecycle.org.

IMPORTANT WARRANTY DISCLAIMER AND NOTICE

READ CAREFULLY BEFORE PURCHASE OR USE OF THIS PRODUCT

Conditions of Sale and Warranty Limitation: The Directions
for Use of this product reflect the opinion of experts based on
field use and tests. The directions are believed to be reliable and
should be followed carefully. However, it is impossible to eliminate
all risks inherently associated with use of this product. Crop injury,
ineffectiveness or other unintended consequences may result
because of such factors as weather conditions, presence of other
materials, or use of the product in a manner inconsistent with its
labeling, all of which are beyond the control of PCT Sunrise or the
seller. All such risks shall be assumed by the buyer. PCT Sunrise
warrants that this product conforms to the chemical description on
the label and is reasonably fit for the purposes referred to in the
Directions for Use, subject to the inherent risks referred to above.
PCT Sunrise makes no other express or implied warranty of fitness
or merchantability or any other express or implied warranty. In no
case shall PCT Sunrise or the seller be liable for consequential,
special or indirect damages resulting from the use or handling of
this product. PCT Sunrise and the seller offer this product, and the
Buyer and the User accept it, subject to the foregoing Conditions
of Sale and Warranty, which may be varied only by agreement in
writing signed by a duly authorized representative of PCT Sunrise.

NET CONTENTS: 265 gallons (1003 L)
