GENERAL INFORMATION

AdjuTec[™] Ola is a drift reduction and water conditioning agent formulated specifically for dicamba tank mixes to reduce off-target drift. **AdjuTec Ola** imparts a neutral pH. **AdjuTec Ola** can eliminate antagonism of the spray tank caused by hard water minerals such as calcium, iron and magnesium. The surfactant ingredient in **AdjuTec Ola** improves spray droplet spreading and penetration into the targeted leaf surface. **AdjuTec Ola** provides humectancy to spray droplets resulting in a slower drying time for enhanced uptake of active ingredients. **AdjuTec Ola** can be used for a wide range of pesticide and nutrient spray mixtures when accompanying labels recommend water conditioners and spreader-wetter adjuvants.

DIRECTIONS FOR USE

Use only if a nonionic surfactant (NIS), water conditioner, drift reduction technology, and deposition agent are allowed or not excluded on the label. **AdjuTec Ola** does NOT contain ammonium sulfate (AMS). NOTE: When combining new or unfamiliar components in any tank mix, the applicator should conduct phytotoxicity and jar tests to ensure compatibility and avoid damage to non-targeted species. Always follow the directions on the most restrictive active ingredient label. Tank mixtures should only be applied within the label recommendations of every product in the tank mixture.

TANK MIXING

Prior to any pesticide application, all spray equipment must be thoroughly cleaned. Carefully observe all tank cleaning directions on the pesticide label. Do not mix **AdjuTec Ola** with undiluted herbicides.

Unless instructed otherwise by accompanying pesticide label instructions, fill spray tank 1/2 full with water, add **AdjuTec Ola** first then continue filling tank. Add remaining pesticide or nutrient ingredients consistent with respective label directions.

APPLICATION RATES

For use with herbicides registered for use for agriculture, forestry, and industrial, municipal, ornamental, right-of-way, turf, non-cropland and other use. Prior to using **AdjuTec Ola**, the user or application advisor must have experience with the combination of active ingredients or must have conducted a phytotoxicity trial. **AdjuTec Ola** may be applied by ground, CDA or aerial spray equipment.

General Use	2 to 8 pints per 100 gallon of spray mixture (0.25% v/v to 1.0% v/v)
For Use With Engenia [™]	5 pints per 100 gallons
For Use As A Drift Reduction Agent With XtendiMax [®]	5 pints per 100 gallons

NOTE: Do not use **AdjuTec Ola** at a rate to exceed 1% v/v of finished spray tank mixture.

Principal Functioning Agents

2-hydroxypropane-1,2,3 carboxylate, complex trihydric alcohols, oligomeric sugar alcohol condensates	34.75%
Constituents ineffective as spray adjuvants	65.25%
TOTAL	100%

Ingredients are exempt from tolerance under 40 CFR 180.

WARNING: KEEP OUT OF REACH OF CHILDREN

Causes eye irritation. Causes mild skin irritation.

Refer To Safety Data Sheet SDS For Important Environmental, Safety, and Health Information

CAUTION:

Read label before use. Keep container tightly closed. Store in a well-ventilated place. Store in a dry area. Wash thoroughly after handling. Avoid breathing fumes, mist, vapors and spray. Contaminated work clothing should not be allowed out of the workplace.

**NET CONTENTS:
265 U.S. Gallons (1,003.13 L)**

FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF SWALLOWED: Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes. If skin irritation occurs: Get medical advice or attention.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth-to-mouth if possible.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. If eye irritation persists: Get medical advice or attention.

Personal Protective Equipment: Wear protective gloves/clothing and eye/face protection. In case of inadequate ventilation, wear respiratory protection.

NOTE: Read and follow all label directions and cautions on all products used.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. For optimal product quality, store between 40° and 90°F. Dispose of contents in container to an approved waste disposal facility in accordance with all local, regional, national, international regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.

IMPORTANT WARRANTY DISCLAIMER AND NOTICE READ CAREFULLY BEFORE PURCHASE OR USE OF THIS PRODUCT

Conditions of Sale and Warranty Limitation: The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of PCT Sunrise or the seller. All such risks shall be assumed by the buyer. PCT Sunrise warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. PCT Sunrise makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. In no case shall PCT Sunrise or the seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. PCT Sunrise and the seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of PCT Sunrise.
