GENERAL INFORMATION

PCT | Sunrise® BioBuild® BioCape is a microbial inoculant plus an enzyme for dry fertilizer impregnation aimed at improving nutrient uptake and microbial soil health.

HAZARD STATEMENTS:

May cause mild skin irritation and staining. May cause mild eye irritation. May be harmful if swallowed.

PRECAUTIONARY STATEMENTS:

Wash hands, face, and other affected areas thoroughly after handling. Wear protective gloves/clothing/eye and face protection. Dispose of contents/containers in accordance with local/state/Federal laws and regulations. If skin or eye irritation occurs get medical advice/attention.

IF ON SKIN wash with plenty of water. If skin irritation occurs get medical advice/attention. IF IN EYES rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. If eye irritation persists get medication advice/attention. IF SWALLOWED call a POISON CENTER/doctor if you feel unwell. Rinse mouth. If exposed or concerned get medical advice/attention.

HANDLING AND STORAGE

Store product in original container with cap tightly secured. Store in a dry area out of direct sunlight at 4° to 35°C (40° to 95°F). Freezing point is 22°C (35.6°F).

Curing – Treated fertilizer should be sufficiently dry before load-out. Cure time may vary depending on impregnation-rate and type of fertilizer being treated.

Recommend thorough wash down of holding tanks, lines and nozzles upon completion of impregnating fertilizer. The spray lines and vessels can be cleaned if no additional batches of BioCape impregnated fertilizer are planned for the same day. Cleaning is encouraged to avoid the building of biofilms inside the pipelines. Cleaning can be done by flushing the spray lines and rinsing the walls of the vessel with sufficient warm tap water. Detergent can also be used to further remove any traces of product in the pipelines (followed by rinsing with water).

BioCape has a shelf life of 24 months in concentrate; Impregnation of dry fertilizer can be made up to 18 months prior to use.

Dispose of container in accordance with federal, state, or local regulations.
