## **WARNING**

## GENERAL INFORMATION

PCT | Sunrise StandUp<sup>®</sup> Corn Micro Pack is a comprehensive liquid plant-nutrient mixture of micronutrients, and beneficial microorganisms. StandUp<sup>®</sup> Corn Micro Pack has a low salt index that allows in-furrow placement for faster root interception. EDTA-chelated micronutrients are protected against chemical tie-up by other soil elements for maximum plant availability. Phosphite in StandUp<sup>®</sup> Corn Micro Pack may also stimulate the immune systems of plants and support greater plant resistance to pathogenic fungi including Pythium and Phytophthora. Beneficial microorganisms in StandUp<sup>®</sup> Corn Micro Pack improve root health and nutrient uptake.

## HAZARD STATEMENTS:

Causes skin irritation. Causes eye irritation. May be harmful if swallowed. Suspected of damaging fertility or the unborn child. May cause damage to organs through prolonged or repeated exposure. Toxic to aquatic life.

## PRECAUTIONARY STATEMENTS:

Do not handle until all safety precautions have been read and understood. Do not breathe dust/fumes/gas/mist/vapors/spray. Wash hands, face, and other affected areas thoroughly after handling. Wear protective gloves/clothing/eye and face protection. Avoid release into the environment. Store locked up. Dispose of contents/containers in accordance with local/state/Federal laws and regulations.

IF ON SKIN wash with plenty of water. If skin irritation occurs get medical advice/attention. Take off contaminated clothing and wash before reuse. IF IN EYES rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. If eye irritation persists get medication advice/attention. IF SWALLOWED call a POISON CENTER/doctor if you feel unwell. Rinse mouth. If exposed or concerned get medical advice/attention.

## HANDLING AND STORAGE

StandUp<sup>®</sup> Corn Micro Pack is a mildly corrosive liquid fertilizer and should be handled and used in accordance with state, local and federal regulations where applicable. Materials and methods of construction selected for storage and handling should be those recommended by qualified manufacturers, associations, or recognized testing laboratories. Type 304 or 316 stainless steel, polyolefins, fiberglass, reinforced plastics, polyvinyl chloride, polypropylene, polyethylene-applied coatings and rubber linings are generally suitable for storage and handling of mixed liquids. Aluminum, brass, copper, zinc and many alloys, especially those of copper base, are unsuitable for use in storing and handling mixed liquid fertilizers and must be avoided. Rinse and flush thoroughly before retiring equipment for the season.

## CONDITIONS OF SALE

1. Seller warrants that their product consists of the ingredients specified and is reasonably fit for the purpose stated when used in accordance with directions under normal conditions for use. EXPECT AS PROVIDED ABOVE, THERE ARE NOT OTHER WARRANTIES, EXPRESS OR IMPLIED INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
2. Because the time, place, rate of application and other conditions of use are beyond sellers' control, sellers' liability from handling, storage and use of this product is limited to replacement of product or refund of purchase price. SELLER SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL DAMAGES.

**WARNING: Some crops could be injured by the application of Boron.  
Please contact your local agronomy representative before application.**
